

Refer a Truck. Get a Free Week.

Our way of saying thanks for spreading the word.

You know what good dispatch is worth — so you probably know other owner-operators who are tired of hunting loads themselves. Send them our way. When a truck you refer signs on and runs their first paid load with us, **you get one full week of dispatch with zero fees.**

1 FREE WEEK

of dispatch — no fees on any load that week

How It Works

1

Tell them about us

Give them our number (705-555-0000) or send them to northbounddispatch.ca.

2

They mention your name

When they apply, they list you as the carrier who referred them.

3

You get a free week

Once they complete their first paid load, your next week of dispatch is on us.

The Fine Print

- The referred carrier must be a new carrier who has not previously worked with Northbound Dispatch.
- The free week applies after the referred carrier completes their first paid, delivered load.
- No limit — refer as many trucks as you like and stack the free weeks.
- Free week = no dispatch fees on loads dispatched in that week; all other terms unchanged.
